

Burlington Township has achieved Bronze certification under the Sustainable Jersey program. Only 67 of New Jersey's 566 municipalities have qualified for certification.

Sustainable Jersey is a certification program for municipalities in New Jersey that want to go green, save money, and take steps to sustain their quality of life over the long term. The program is voluntary and each town has to meet and document their achievement of required

actions in a range of areas that include a commitment to environmental stewardship, conservation of energy, water and waste reduction, and recycling.

Burlington Township was recognized at the second annual Sustainable Jersey awards luncheon on November 16, 2010 at the 95th Annual New Jersey League of Municipalities Conference.

The effort to achieve certification was provided by Burlington Township's Green Team. We salute the following Green Team Members:
